

# Personality & Career Inventories

*The IHTC Career Counselors are available to patients of all ages. Services include the following:*

- » Academic and School Support: Section 504, IEP, credit review, issues at school
- » Assistance with Financial Aid: Scholarships, FAFSA, recommendation letters
- » Career Assistance: Vocational rehabilitation, resumé assistance
- » Personality and Career Inventory: Administration and analysis of results

## ***Are you....***

*...in high school and unsure of what you want to do after graduation?*

*...currently employed but not satisfied with your job or profession?*

*...unemployed and not sure what type of job you would like to have?*

Personality and Career Inventories are services provided to IHTC patients. The IHTC Career Counselors are certified to administer and analyze the Meyers-Briggs Type Indicator and the Strong Interest Inventory.

- » The Meyers-Briggs Type Indicator identifies a person's personality profile based on 16 different combinations of the following 8 terms: introvert, extrovert, sensing, intuitive, thinking, feeling, judging, and perceiving.
- » The Strong Interest Inventory indicates the different types of careers suited for a person's individualized personality profile. The inventory also shows an individual the types of careers not best suited to their personality profile.

The IHTC career counselors are available to guide patients with their career directions. You can reach the Career Counselors at 877-256-8837.
