

The IHTC

Patient Portal

What is the Patient Portal?

The IHTC Patient Portal is a secure website that provides you with online access to your electronic health record.

What are the benefits of the Patient Portal?

- » Access to a summary of your IHTC medical chart
- » Secure and efficient communication with the IHTC
- » Online services include:
 - Request your test results
 - Request a medication refill
 - Request an appointment
 - Send a secure message to your medical provider
 - Send a secure message to the IHTC Pharmacy Program
 - Update your demographic information
 - View your medical information

How do I sign-up?

Complete and return the sign-up form. Your username and password will be emailed to you; your pin number will arrive through USPS mail within 1 week of the email.
